

Farewell and Thank You

Farewell and Thank You

Mrs O'Brien

for your love of learning at Curl Curl North Public School.

We are grateful for your enthusiasm and expertise in guiding our young minds to become information literate and to appreciate quality texts.

Mrs O'Brien's last day at our school will be for the Book Parade and Book Fair.

Please make sure to thank her for her many years of dedication to our school and our students.

We wish her all the best in her wonderful adventures to follow.

A library without a librarian is just a collection of books.

We are privileged to be surrounded by the sand, the sea and the sky of this beautiful place we call Curl Curl.

We would like to acknowledge we are on Gai-mariagal country. We pay our respects to the Gai-mariagal people, to elders both past and present, the traditional custodians of this land where we meet today.

Our school is committed to learning about, and caring for this country. We promise to walk softly and show respect to this land.

We would like to pay our respects to the elders both past and present and extend that welcome to any Aboriginal and Torres Strait Islander peoples here today.

Collaborative Professionalism

We know that it is better to collaborate than not to. I recently reheard Andy Hargreaves talk about Deep Collaboration which has impact and integrity. We know that through collaborative practices students achieve more, teachers get better with their expertise, teachers get more motivated with their teaching and it's easier to develop and implement change over time. At Curl Curl North Public School we are focusing on classroom collaboration that has an impact on student learning and the role that our leaders play in ensuring that we have a clear vision that supports collaborative professionalism.

SASS Recognition Week 2019

This week schools across the state celebrate the efforts of their School Administration and Support Staff (SASS) who work in our offices, classrooms, library and school grounds. They are vital to the day-to-day running of the school and highly valued staff members. This week we acknowledged our wonderful SASS team through little thank you gifts "You're TEA-rrific!", an individual card with artwork provided by students with gifted visual art skills, and a spectacular morning tea put together by the social team and proudly supported by our P&C.

The feel of the country in the heart of the city

This Fortnight on the Principal's Wall

6S students have been the first to open our STEMShare 3D Printer Kit that is on loan to our school this term. Students have been busy using the program Tinkercad before converting their files and setting them to print. Outstanding learning using a printing software tool to build a 3D model from basic shapes and customise parameters to achieve precision in their model.

During a walk through lunch I noticed some creative play with students in Year 5 creating their own handball court using wool. Real life problem solving :) I was also invited to a meeting with two representatives in the SRC who put forward a proposal to trial some new playground activities. Sacha and Natasha spoke confidently about the actions of the committee and I proudly approved their proposal.

The banner features the school crest on the left, which includes the motto 'FAIR PLAY' and the text 'CURL CURL NORTH P.S.'. On the right, there are two photographs: the top one shows a group of children in green uniforms and hats sitting around a large log, and the bottom one shows two children in school uniforms smiling.

Reminder - Father's Day Breakfast

The Father's Day Breakfast is on Friday 30 August at 8:15am. We look forward to seeing you.

Year 2 - Swimming and excursion information

Swimming for year 2 is fast approaching (weeks 9 and 10). The students will attend 10 swimming sessions over the 2-week period. The first group will leave the school at 12:20pm and the second group will leave at 1:10pm. Students will be able to order their lunch from the canteen, but you will need to let the canteen know that your child will be attending swimming.

2S, 2C and half of 2J will attend the first swimming session and 2V, 2R and the other half of 2J will attend the second session, daily. More information will follow, as the time gets closer.

2C and 2S will attend the Coastal Environmental Centre excursion on Thursday 26th September, which means they will have two back-to-back swimming sessions on the Friday, 27th September. 2R, 2V and 2J will therefore attend the excursion on the Friday, 27th September and will do their, two swimming sessions, back-to-back on the Thursday. More information will follow when the time gets closer about the excursion.

Uniform Shop

Extra Year 6 shirts are available for sale for \$15.00 each.

We are looking for a parent who may have design experience to assist with our Year 6 shirt design for next year's class. If you or anyone you know may be able to help, please contact Tamara on 0409988183.

Please name all items of clothing with child's full name and class. It is very hard for your child to find their belongings in lost property if it doesn't have their name on it. The tag system requires a name on the clothing as we have no record of who the tag belongs to. If you receive a text message, you or your child will need to find the jumper/hat on the rack near the office. The office staff do not manage this system.

Enrolment policy

Information for parents

The Enrolment of Students in NSW Government Schools policy is in place to assist schools to meet their obligations under the *Education Act 1990* - to ensure that every student has a place at their local school. The policy also communicates to staff and the community a transparent enrolment process.

Why was the enrolment policy revised?

Across the state, many communities are changing. Some are growing at rates never seen before. Some schools that used to be able to accept out-of-area enrolments, no longer have the room to do so.

The revised policy is designed to support schools to manage all enrolment applications, encourage greater consistency in decision-making and make sure the enrolment choices are clear for parents.

What are the changes?

The enrolment cap

The enrolment cap is the number of students that can be enrolled at a school based on the school's permanent accommodation. The enrolment cap tells us whether the school may or may not have the capacity to accept non-local enrolments. It is not a target or limit on the number of local enrolments a school can take.

Each school with a local intake area will have a cap set by the department from Term 4 2019.

Within the enrolment cap, a number of enrolment places (the buffer) must be kept aside for the likely number of local students who will need to enrol during the year.

For this reason, a school will not take non-local students once they reach their buffer, unless there are exceptional circumstances.

100-point residential address check

Parents planning to enrol their child at a school that is near or at their buffer or cap will be asked to complete the 100-point residential address check to confirm they live within the school's designated intake area. This means you will need to provide documents to verify your child's current address.

So that schools only seek information relevant to your child's enrolment, a list of approved documents for the residential address check is available from the school or the department's website at <https://education.nsw.gov.au/policy-library/policies/enrolment-of-students-in-nsw-government-schools>.

Selection criteria for non-local enrolment

Sibling enrolments are now clearly prioritised (where possible) and selection criteria for non-local enrolment will not include student ability, performance or achievement.

education.nsw.gov.au

What has not changed?

Schools will continue to enrol students who live in their local intake area, regardless of the school's cap status.

There are no changes to enrolment rights of siblings of non-local students. In schools with available places, each enrolment application is considered on its merits, including if siblings currently attend the school. If the school is below capacity, out-of-area applications for siblings of current students will be given enrolment priority.

Schools will continue to provide families with support and advice during the enrolment process, including assessment of exceptional and compelling circumstances particularly for vulnerable students and their families.

Schools will also continue to apply the policy fairly and consistently using transparent and accountable processes when making decisions around enrolment applications. Parents have a right to appeal to determine whether the stated processes have been applied in a procedurally fair manner.

But what do the changes mean for me?

What if my child is already enrolled but we do not live in that school's intake area?

Your child will remain enrolled at the school as the revised policy does not affect students already enrolled in NSW Government schools.

We were in area when my child was enrolled in the school. The department has since changed the school's boundary and our residence is now out of area. I have other children and I want them all to go to the same school.

What are my options?

At times it is necessary for the department to make adjustments to a school's local enrolment intake area. This could mean a family with a child/children already enrolled is then outside the local intake area. When this happens, the family will still be able to enrol siblings together at the school, regardless of whether the school is over the buffer or cap.

I already have a child enrolled as an out-of-area student in a NSW Government school. Can I enrol my other children at that school too?

This will depend on the capacity of the school:

- If the school is **not near its buffer**, then siblings should be able to be enrolled at the school. In fact, siblings of students currently enrolled will be prioritised, where possible, over other non-local enrolment applications.
- If the school is **nearing its buffer**, then the school will form a non-local enrolment panel. The panel considers non-local enrolment applications when the number of non-local applications received exceeds the number of places available below the buffer. Again, in this instance, siblings of students currently enrolled will be prioritised, where possible, over other non-local enrolment applications.
- If the school is **at capacity** they will not accept non-local enrolment applications unless there are exceptional circumstances.

I have already accepted an offer for my child to attend a school in 2020 that is not my local school. What happens now?

The enrolment will proceed. Non-local enrolments accepted before Term 4 2019 for students starting in 2020 should not be affected.

What is the criteria for enrolment in a school that is not my local school?

Schools that are able to accept non-local enrolment applications establish a non-local enrolment selection panel, if demand exceeds the number of places below the school's buffer.

Schools are required to make the selection criteria available to the school community.

My circumstances are challenging and I think this school is best for my child. We live outside the school's intake area. What should I do?

We understand that not everyone's circumstances are the same, and that there are instances where exceptional circumstances will need to be considered.

Your circumstances should be discussed with the principal of your local school who can assist you to negotiate an out-of-area enrolment if there are exceptional and compelling circumstances.
